

Thank you for your interest in the world famous Caterham Super 7, the fastest legally certified road car available in Canada. The Lotus/Caterham Super 7, now approaching its 55<sup>th</sup> year of production, is still, according to most of the world's top motoring journalists, the most exciting driving experience that money can buy. The Caterham Super 7 out performs just about any other legal road car, covering 0-100km in a shattering 2.8 seconds, and it's available right here in Canada under License from Caterham Cars (UK).

While staying true to the time-tested original design of the Lotus 7, today's Caterham Super 7 incorporates leading-edge, 21st century technology, to produce matchless, custom-built sports cars that thrive on the road or the race track.

So, if you're looking for the ultimate performance road sports car or if you're considering Track Days, the Caterham Super 7 is the choice of those who demand the best of the best. For further information, please contact us via the details on this brochure. If you've never personally experienced the shattering performance of a true sports car, be prepared to be terrified! Your experience will place the Caterham Super 7 at the top of your want list, and that is a promise!

from: \$19,950.00

## CATERHAM Roadsport

The 2012 Caterham Roadsport has brought together modern technology and a timeless chassis, still regarded by the World's motoring press as the ultimate driving machine.

Powered by a state of the art all alloy fuel injected 16V Ford Duratec MotorSport engine, this latest Super 7 provides not only high performance and renowned reliability but high residuals. The result is a very light sports car that provides exceptional levels of balance and road holding.

The 2012 Caterham Roadsport is available with a host of performance and comfort options, including power upgrades and leather trim.

In addition the 2012 is also available with the larger dimension SV chassis to accommodate the fuller driver, as well as providing a bigger trunk space for that weekend getaway.

### Standard Equipment includes:

- 2 liter alloy 175 BHP Ford Duratec 16V engine
- 5 Speed close ratio gearbox (6 speed available)
- Full weather equipment including heater
- Cloth adjustable seats & carpeted interior
- 14" Minilator alloy wheels with Avon tyres
- Immobilizer and much more.....

from: \$59,950.00

## CATERHAM Hayabusa

With the introduction of this new larger chassis, the opportunity arose to build the ultimate 4 wheeled motorcycle!

Super 7 Cars Inc. developed the Caterham "Hayabusa" using the amazing Suzuki GSX1300R power plant, and were given the World rights to build this amazing vehicle by Caterham (UK) Ltd.

The Caterham Super 7 Hayabusa can out-perform any other road car available in Canada today; 0-100 KPH in a blistering 2.9 seconds and can rev to 10,900rpm. Gear changes are lightning fast with the standard 6 speed sequential gearbox.

### NOT for the faint-hearted!

### Standard Equipment includes:

- 1.3 liter Suzuki 16v DOHC 195bhp  
■ (1.4 liter 265 bhp also available)  
■ (1.4 liter 394 bhp also available)
- 6 speed sequential gearbox
- Superlight adjustable suspension
- Electronic analogue gauges
- Quick change ratio drive system
- Motor Sport oriented seats
- Full weather equipment
- Immobilizer and much more...

from: \$65,950.00
